Subject: Information on the ownership above the Hungarian State

Dear President,

Let us inform you about the fact, that ownership claims have been declared above the Hungarian State.

We recognized that the Hungarian State, as a legal person, was not founded by the Hungarian People, and that the Hungarian State never owned by the Hungarian People. We also ascertained that the Hungarian State has no identifiable owner. This fact gave us the opportunity to take the ownership above the Hungarian State in the way of original acquisition (acquisitio originaria) and to declare our claim for this.

Original acquisition (acquisitio originaria) is a method that is recognized by both Hungarian and the international right, and as already known in the legal maxims:

- * Quod nullius est id ratione naturali occupanti conceditur. What belongs to no one, naturally belong to the first occupant.
 - * Qui prior est tempore, potior est jure. He who is first or before in time, is stronger in right.

On 2nd of September, 2019, the first owner has declared its ownership claim above the Hungarian State (whatever is its name and governing form) and calls every member of the Hungarian society to come and be full-fledged co- owners. As the number of owners has since reached 33, we think it is time to inform you.

We, the undersigned owners, the members of the Hungarian society who have declared their ownership claim in first, in accordance with the provisions of the first owner, exercising our proprietary rights, recognize the Representation of the Republic of Hungary (hereinafter referred to as the Representation, official website: www.magyar-allam.com) as the only currently operating (not occupied) body of the Hungarian State and authorize the Representation to represent the Hungarian State in all foreign states, international organizations, and bodies, and same will be confirmed by each new co-owners. We also have entrusted the Representation with the official registration of all owners, including the proprietary rights above the Hungarian State, same as it was in the case of the first owner.

Please take these facts above into consideration in all legal actions as being in effect.

Annex 1: English translation of the 1st Declaration of Claim for Ownership

Annex 2: A Copy of the original 1st Declaration of Claim for Ownership (in Hungarian)
