

Appendix 4. Official documents and signs issued by the Republic of Hungary

The Public Administration Office of the Hungarian State, respecting the free will of the people, issues an Identity Card only to those who specifically request it and confirm their nationality of the Republic of Hungary in a legal declaration (Nationality Declaration) contained in a document with full evidential force, in accordance with the Council of Europe, 1997. dated November 6, with the provisions of Article 4 of the European Convention on Nationality, as well as with the international jurisprudence of opting (state).

Identification Cards certify the nationality and legal status of the humans identified with them - i.e. their free human rights status and relationship with the Hungarian State.

In the near future (expectedly in January 2023), the Public Administration Office of the Hungarian State will issue official vehicle markings (number plates) and the corresponding traffic permits - respecting free will - only to those vehicle owners who have an identification card of the Republic of Hungary, and by submitting a Vehicle Nationality Declaration contained in a document of full evidentiary value, they expressly request that their vehicle be registered in the Republic of Hungary.

The first series of license plates is the so-called historical series, of which a total of 999 are produced. Their format is "MATT XXX". The format of the subsequent license plates will be determined by the Public Administration Office, a decision has not yet been made.
